A unique castle in a unique country.

Located in a land not so far away from the city of Luxembourg, surrounded by trees and greens lies the historical Chateau d'Urspelt. The 4-star luxury castle houses 56 rooms set in an enchanting and quiet surrounding.

It's not only a perfect choice for a weekend getaway, for seminars or company rewards, it's also an ideal place for a party, a wedding or any other important ceremony. The large reception hall can accommodate up to 500 people.

Whether you opt for a game night or you're thirsty for a cold drink, the Cellar Rock offers a wide selection of entertaining activities and drinks for you and your friends.

The Castle restaurant is located on the opposite side of the main building. However, the breakfast is served in the main building in a charming room next to the reception. If you have two hours extra to spare, be sure to spend it at the Spa. Sauna, sunbeds, solarium, shower and a jacuzzi is what awaits you in the Private Spa Experience.

## The superior room

The Superior room was situated on the second floor overlooking the garden. To keep the castle style alive they have furnished it with a big king sized bed with a headboard and a cool art work on the wall - leaving us the feeling of elegance and luxury.

Our room was equipped with a flatscreen tv, coffee and tea making facilities and a minibar. The open bathroom is separated from the toilet which you can find in the entrance door right next to the closet.

SUMMARY: One of the first things to do

when booking a night at the Chateau d'Urspelt is hiring a car and make sure to bring a GPS or use google maps. The hotel is situated approximately an hour away from the capital city of Luxembourg. Stian and I got lost and ended up in Brussels since we didn't pay attention to the roads at night. If you're opt for a dinner in another country St. Vith is only a 20 minute drive away from the hotel. The staff was attentive and always came with a big bright smile. Fatou always made sure we had everything we needed. Despite closed kitchen, she managed to gather the team and made us one of the most delicious tapas I've ever had in a hotel. Our room was always clean. Unfortunately, we didn't manage to connect our Netflix to the tv, luckily I brought my iPad with me. The food was alright. I couldn't find any lactose free options so I had to ask for it. To my biggest surprise, the staff came out with a wide selection of lactose and gluten free food. The bread was delicious. On our second morning the breakfast was as delicious as the day before, but unfortunately the staff had forgotten my bread so she rushed off to the kitchen and back after a few minutes with bread that was still frozen on the inside. All in all the our stay was a memorable one. Thank you to the team for making us feel home away from home in Luxembourg. I do hope we meet again.
